## 2010-2011 Goals and Actions

1. Maintain sound financial and organizational structure  
Review dues structure in light of organizational expenses  
Review annual expenditures and invest as appropriate  
Review Policy Manual and see if changes needed
2. Promote quality education of PNPs within the current environment  
Monitor DNP curricula in regard to PNP specialty  
Finalize and publish Dual track PCNP/ACNP guidelines  
Recognition of excellence – educator, preceptor  
Explore new award for innovative scholarly project
3. Continue to represent and communicate with organizations involved with PNP education, credentialing, and practice, LACE organization, Nursing Alliance, PNCB, CCNE, Environmental Health (NEET), Emergency preparedness, Institute of Pediatric Nursing and NONPF
4. Establish reporting mechanism for representatives to other organizations
5. Provide a forum for the discussion of issues relevant to pediatric nursing education (on-going communication through listserv, website, hot topics)
6. Promote faculty development through relevant educational programs (program at meeting and sponsored program at conference)
7. Encourage scholarly activities among members  
Provide opportunities for collaborative research projects
8. Advocate for quality child health care  
Listserve to notify members of important issues
9. Monitor ongoing membership advantages/disadvantages to above organizations
